

Smart 4 Paws Inc/ Find Toby in PA

2020 Annual Report

While the world dealt with some major and life-changing events in 2020, the volunteers of Smart 4 Paws, Inc and Find Toby in PA continued to pursue our mission of Reuniting Lost Pets - we continued to staff our Facebook page every day and were fortunate to be able to safely continue in our field work.

Our Facebook page volunteers are the front lines of contact with our community and can lead owners in need to our field volunteers who are able to assist with flyers, feeding stations, cameras and traps which help reunite those pets.

We were able to obtain some additional equipment during 2020 and our Equipment Coordinator has worked to ensure that the equipment is spread out to our different teams so there is less transporting equipment over a longer distance. We hope to grow our field teams in the future.

2020 Highlights

Our amazing volunteers provided over 5,000 hours of staffed time for our Facebook page. The hours spent in the field are more than we can even count! The time it takes to prepare and hang flyers, establish feeding stations and keep them refreshed, take calls about sightings, set traps and cameras, and ultimately capture a pet at large are more than we can even try to estimate!

Volunteer Spotlight

Lisa has been a volunteer with Find Toby in PA for over 6 years. She is one of our field volunteers who has taken the Missing Animal Response Network (MARN) training course, helps with posting flyers and trapping lost pets.

Lisa and her husband Ron are owned by four dogs - - Samoyeds, Bear & Blake, German Shepherd, Panny, and Samoyed Mix, Puppy. Lisa - THANK YOU for all you do to support our organization!

Here are a few of our captures from 2020:

Dax, a Bengal Cat, successfully trapped by field volunteer Kim.

Luna was lost at a truck stop and was successfully trapped by field volunteer Kim B.

Bogart was successfully trapped by Michelle

Mr T was successfully trapped twice by Kim

Amelia was successfully trapped by Glenda

Roo was safely trapped after 39 days and it took the work of multiple volunteers headed up by Diane

Theo (left) was trapped after 17 days by Michelle.

Josie (below) was trapped after 15 days and our volunteers had to modify our missy trap to secure her - she was successfully trapped by Kim

Financials

Smart 4 Paws, Inc operates on a small budget and files a form 990-N for tax-exempt organizations that are not required to file Form 990 or Form 990-EZ. Our Board of Directors and volunteers are not compensated for their service.

Expenditures for the year were just over \$12k.

Operations expenses include the costs for our traps, flyers, trapping supplies, microchip scanners, and cellular service for our cameras.

We do break insurance out into its own category, but it really is part of our Operations expenses, so in total 93.9% of our annual expenditures are directly for operations.

Admin & Fundraising expenses (approximately \$700 for the year) are from items such as: postage, the cost of our PO box, and paypal fees.

Closing

Smart 4 Paws, Inc, DBA Find Toby in PA is operated by a team of animal-loving volunteers who selflessly give their time to help the lost and found pets in our community. As many things around us changed, our volunteers continued to fulfil our mission: Reuniting Lost Pets!

We cannot Thank You enough for your continued support.
